# IMPORTANT NOTIFICATION IS SHUTDOWN DATE DEWIGNOR

REVISION

RMD Bulletin NGA 09-061 announced that December 3 and 4, 2009 were the dates that the Integrated System (IS) would be shutdown in order for the State's Short-Doyle/Medi-Cal (SD/MC) Phase II claiming system requirements to be integrated into the IS. The Department is very aware of the anxiety surrounding the planned shutdown of the IS. To that end, we are **DELIGHTED** to inform you that the date has been extended to allow additional time to enter and claim services prior to the SD/MC Phase II conversion.

# This revised communication is confirmation that the new shutdown dates will be January 6 and 7 at 6 p.m. as shown in the table below.

Please note that beginning January 7, 2010 at 6 P.M., for a period of 4-days (including a weekend), the IS will be completely offline, meaning that service providers will not have access to the system After this brief shutdown, the IS will be reactivated on January 12, 2010 and clinical functions will be available for all direct data entry (DDE) providers; however, the IS claim submission function and Electronic Data Interchange (EDI) websites will remain shutdown until the State's HIPAA compliant SD/MC II required changes have been applied to the IS and tested.
